Thanks very much to all who have prayed for me and “Project Homeword”

Hope you will share this FINAL request with your church's prayer chain.

New Requests:

We are AFRAID that changing our main website www.homeword.ws to a membership website will be the end of our dream, that people will feel betrayed because we promised not to do this...but we had no choice...none at all. The fee is very modest, \$5 for one year, \$20 for five years. This will begin somewhere around the end of April. Please pray for 100 churches to stick with us and try a membership...at least for their VBS workers...at least for this year?????

If it works we will be able to pay the web hosting and consultants fees for all our websites off the membership fees from just this one site. The other sites would remain free. **If it doesn't work and we don't get at least 100 members we will have to take all five sites offline which will grieve me deeply as this has been the focus of my life and dreams for nearly 20 years.** Even with the membership we are keeping all the foreign language coloring pages and a sampling of the other pages free. How we pray people understand this

My Mother Dorothy continues to struggle with dangerously high blood pressure. After three years of searching the Doctors have found a medication that works pretty good during the day but seems to increase during the night. This request means a lot to me.

For Myself the request is pretty much the same (except for needing another part time job)...grace to sleep soundly ...God's help with loneliness...two or three people to share our dream of making Deut 11: 19-21 a reality in every home in the world.

For some other way to pay our expenses??? We don't want to charge visitors to the site. It is just that we have tried every other way of paying the bills and have run out of options. Perhaps you could pray that if we don't manage to find 100 members that God would show us some other way????
