Parent Guide for "Older kids" Coloring Pages

Dear Parent/Grandparent: Why would a teenager want to color one of our pages. Some would...most however would consider it childish so why PUSH OR BRIBE them. We believe there are two reasons. First to make the point loud and clear that God's word is NOT kids stuff. If you URGE them TO color one scripture a month they WILL remember it and they will get the message that we at least do not consider it to be Kid's stuff.

The second reason to MAKE teenagers color scriptures is to remind them that taking TIME with God's word matters. We can't make them study the Bible but you can ENCOURAGE them to take ten minutes to color a scripture. While they are coloring they will be thinking about what they color, they won't be able to help themselves. It is sure they will remember it. For the full set of 30 coloring pages see your Sunday School teacher or visit www.bibleparent.com. How we pray that as you color this set of coloring pages with your older children you are reminded that even the oldest of us is not too old for God.

For the next few weeks we will be sending home a coloring page with our teenagers. **Surely at least one of the coloring pages for older children will be worth hanging on the wall...if not the one your teen colored hang the one you colored yourself.**
