Every child who has ever been born can understand the feeling of being lost. The stories of the Lost Sheep, the Lost Coin and the Lost (Prodigal) son are a GREAT way to share the idea of being “separated from God” These stories can be found in the Gospel of Luke: Chapter 15.

Name two ways to tell the difference between right and wrong...good and evil?

**Believing
is not always easy.
It means **surrounding** yourself
with Bible Verses.
It means praying.
It means going to Church.
It means loving others.
Mostly it means learning
to recognize the Holy Spirit
when he is speaking to
your spirit.**

Baptism is a symbol of being born again. When you go under the water it symbolizes your old self is dead and your sins are forgiven. When you come out it is as a whole new person to a whole new life. 1 Peter 3:21, Romans 6:1-7, Galatians 3:27

Being Born again makes life much easier but there are still problems.

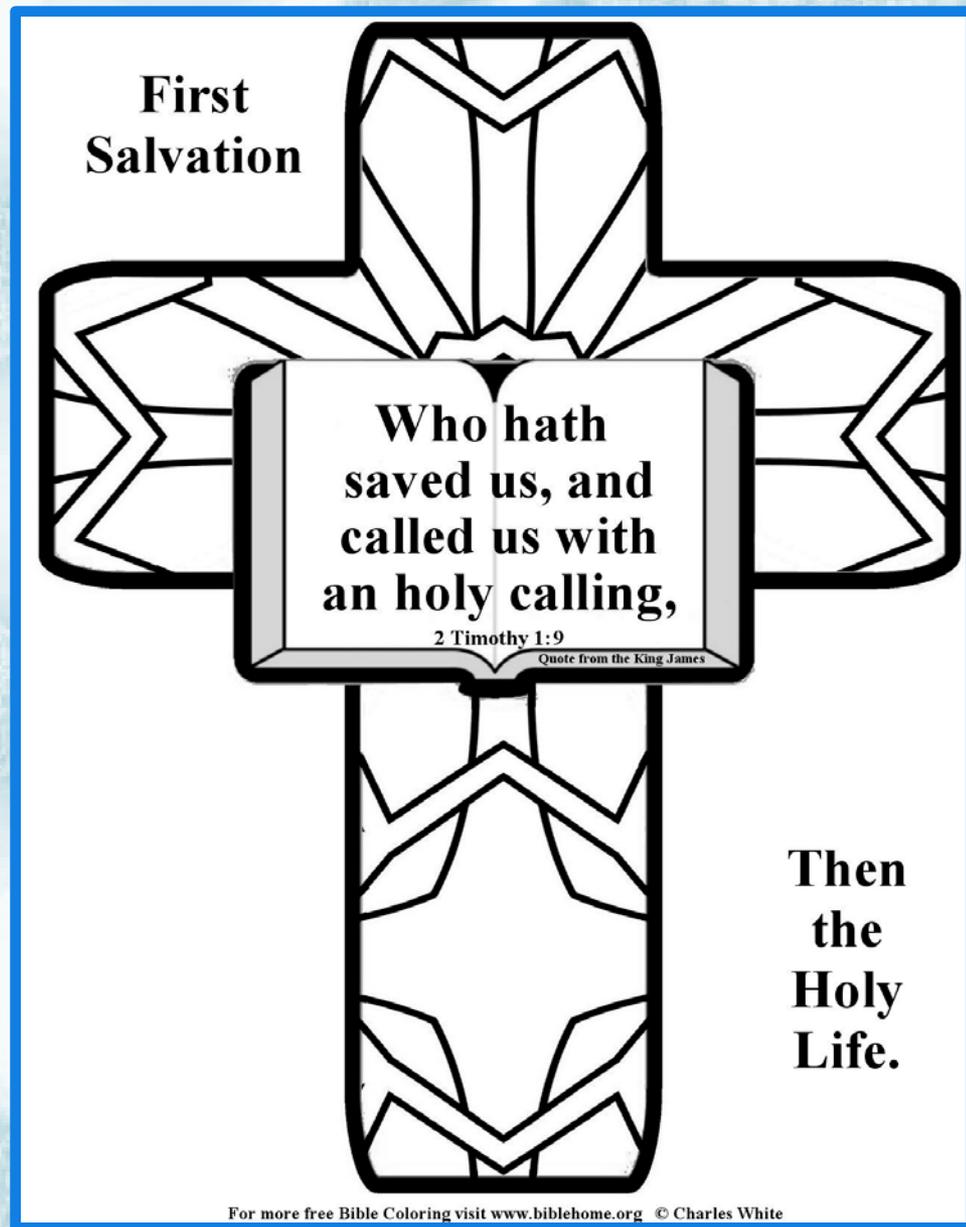

To be a strong Christian you will need “The Armor of God” Ephesians 6 :13-18.

The last slide of this online coloring book is a special coloring page with all five verses. Hope you make a few copies of both for your Sunday School.

John the Baptist knew Jesus most of his life. He was the first soul to recognize Jesus as the Christ, Jesus first follower.

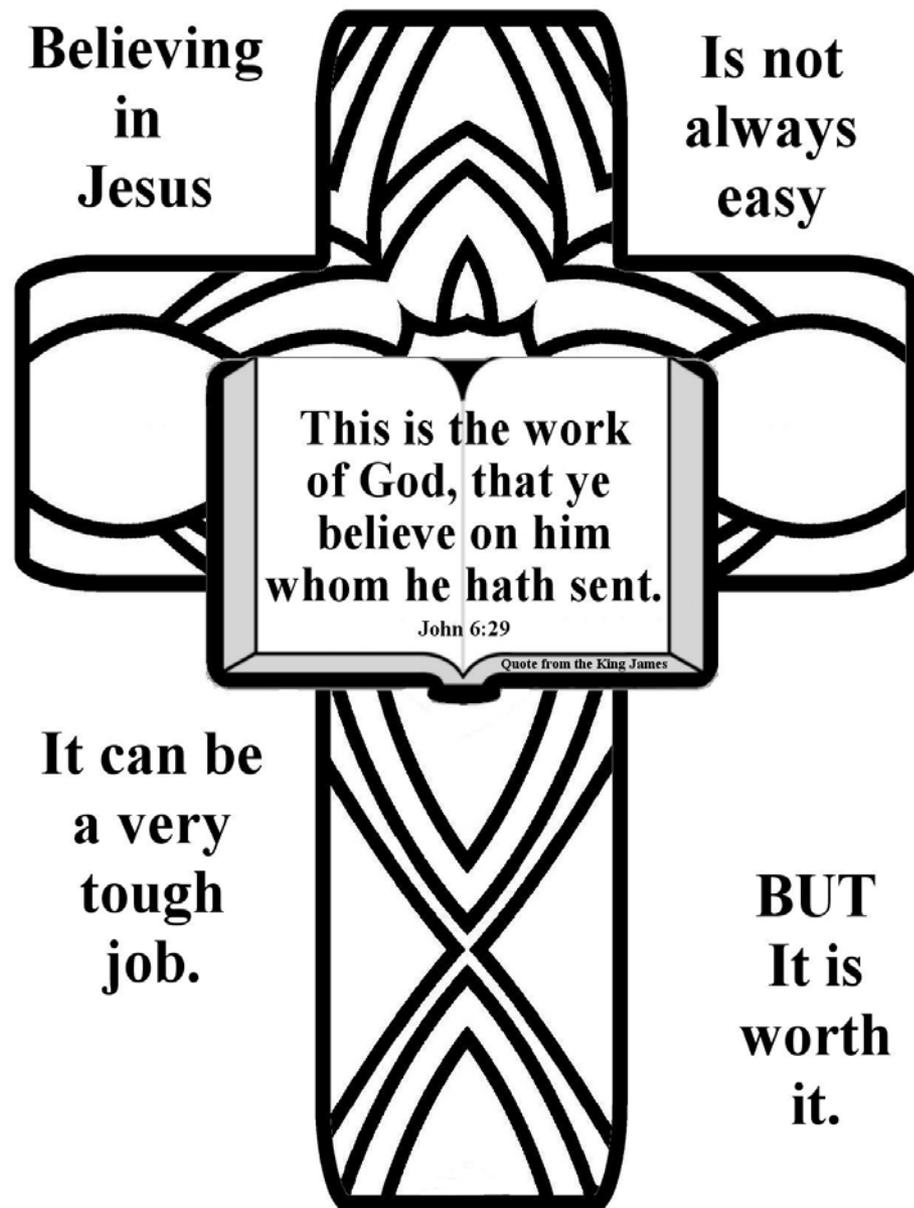

But when he was in prison and very discouraged John sent friends to ask Jesus if he really was the Christ. Like John most Christians have a time that they doubt. That is the time to take your doubt directly to Jesus. Just as he saved us from sin he wants to save us from our doubts.

Did you ever feel closed in by your feelings, by fear or loneliness, anger or guilt?

Our feelings can be like a prison. If you want to be free. If you want joy, peace, and comfort Jesus is the door.

Faith does not save anyone. Faith in oranges won't save you. Faith in purple socks won't save you. The kind of faith Jesus is talking about is faith in him, faith like the woman who loved him so much she knelt at his feet and wept.

Faith in Jesus is the only faith that can save the lost.
